I hope that everyone had an enjoyable holiday season. After all the crazy weather and the normal Christmas distractions, summer is starting to look pretty attractive. As we move into the busier time of year, don't forget about your friends within the Northwest Pavement Management Association (NWPMA). There is a lot of experience and knowledge willing to be shared.

Speaking of warm weather, the Spring quarterly is just around the corner. The Southwest chapter will be hosting it and is always looking for discussion topics. Enclosed in this newsletter is a survey from Dave Shepard of the Clark County Public Works. In the survey Dave is asking you to provide him with suggested topics for the Spring quarterly as well as when would be the best time to have the quarterly. Please fill out the survey and return it to Dave. I hope that all of you will fill out the survey and will consider participating in the Spring Quarterly.

At the Spring quarterly, a proposal will be presented to the membership regarding the inclusion of the state of Oregon into the NWPMA. As I have stated before, the Executive Board supports this proposal and is looking forward to a productive relationship with the Oregon Pavement Managers.

As you may have noticed, Dave Whitcher and the County Road Administration Board (CRAB) are no longer the publishers of this fine newsletter. On behalf of the NWPMA I would like to thank them for developing this into a product that far exceeded anyone's expectations.

Also included in this newsletter is the NWPMA newsletter policy which was signed by me on December 10, 1996. If anyone has any questions regarding this policy or other items please feel free to call me at the number under the heading of people to contact.
